

Does your child.....

- have difficulty with overall speech and language development?
- avoid or dislike social interaction?
- have difficulty in traditional daycare or preschool environments?
- have overall developmental delays?

Now there is help.

The **LEARNING AND THERAPY CORNER** will be offering a developmental enrichment camp for children ages 2-4 starting July 2011. The developmental enrichment camp will focus on basic communication and social skills through a variety of language based activities as well as possible gross and fine motor skills. The group will be scheduled to stimulate a daycare or preschool environment with various activities to promote generalization of skills as well as encourage social interaction among peers.

Group will be held on Tuesday and Thursday from 9-11am start July 5th and be held twice a week for 2 hours for 5 weeks.

If you are interested in a social skills group or have additional questions, please email bdicocco@lthcorner.com or call the LTC 410-583-5765.
