- have difficulty in traditional preschool environments?
- have difficulty with handwriting and prewriting skills?

Now there is help.

The **LEARNING AND THERAPY CORNER** will be offering a school readiness group for children ages 4-6 starting July 2011. In addition, speech/language skills and handwriting/fine motor skills will be promoted. The group will be structured to simulate a school environment with various activities to promote generalization of skills as well as encourage social interaction among peers.
